

Jonsered

CS 2255 TURBO

Strong Power over a wide RPM Range makes this New Saw ideal for Firewood Cutters, Farmers and Ranchers

RED GOES GREEN

Jonsered's new engine technology produces a more powerful engine with better torque, better fuel economy, and a major reduction in emissions. The new design also provides better lubrication of the bearings, resulting in less wear and longer engine life.

Features...

- ◆ *Air purge primer and combined choke/start control for quick, reliable starts.*
- ◆ *Decompression valve, for easy, low-resistance starting.*
- ◆ *Side-access chain tensioner.*
- ◆ *Steel spring vibration dampening.*
- ◆ *Vibration-isolated carburetor.*

SPECIFICATIONS

Engine displacement:	55.5cc/3.4 ci
Max. power:	3.5 DIN hp/ 2.6 kW
Weight, less cutting equipment:	12.8 lb.
Power-to-weight ratio:	.45 kW/kg
Fuel capacity:	14.9 fl. oz.
Oil capacity:	10.8 fl. oz.
Chain pitch:	3/8"
Recommended bar lengths:	16"-20"
Vibration Level:	
front handle:	3.4 m/s ²
rear handle:	4.5 m/s ²
