CS 2238S TURBO

*Ideal For
Occasional
Woodcutting*

**CLEAN
POWER™**

Powered by an advanced technology **Clean Power** engine that reduces emissions more than 60% compared to conventional engines of the same size. Plus, the **Clean Power** engine develops more torque for stronger cutting performance and *reduces fuel consumption by 20%!*

Features...

- ◆ Easy to use and handle.
- ◆ Primer and combined start/choke control for dependable starting.
- ◆ Tool-free chain tension adjustment.
- ◆ Spring-assist for easier starting.
- ◆ Effective coil spring vibration dampening.
- ◆ 90-Degree top handle with sight line - provides a perfect guide for directional tree felling.

SPECIFICATIONS

Engine displacement:	38 cc / 2.3 ci
Max. power:	2.0 DIN hp/1.5 kW @ 9,000 rpm
Weight, less cutting equipment:	11 lb.
Fuel capacity:	9.6 fl. oz.
Oil capacity:	6.4 fl. oz.
Chain pitch:	3/8" low-profile
Drive Sprocket:	Spur, 7-Tooth
Recommended bar lengths:	14", 16"
Vibration Level:	
front handle:	3.7 m/s ²
rear handle:	5.1 m/s ²
